

Dear Member:

Endeavor Communications has always respected your privacy and observed the privacy rules established by the Federal Communications Commission (FCC). The FCC has increased the security measures we must take to protect your records with us. **For this reason, we require each customer to create a password for his/her account.**

The password that you chose during the initial account setup should be something unique that only the authorized persons on your account know. Again, these measures are being taken to ensure the security of the information that we, as your telecommunications provider, have in our records. We will never sell your account information or provide details of your telephone calls to other parties unless required by law enforcement.

Occasionally, we would like to notify you of additional products available from us outside the existing business relationship we currently have with you. For example, if you have our telephone service, you may be interested to learn about promotions and packaging we have for our high speed internet and television services. We also want to be able to update you on the Fiber Optics, and tell you when it is available in your area. However, you have the right to be excluded from these marketing notifications and updates.

If it is acceptable to receive information from Endeavor about additional products and services, you need to do nothing. If you prefer to be excluded from these company updates and marketing efforts, please complete, sign, and return the bottom portion of this letter, and we will not include you in any targeted marketing programs. Nothing about the services you receive from Endeavor Communications will be impacted by your decision.

Please call a Customer Service Representative with any questions at **1.800.922.6677**.

Sincerely,

Your Endeavor Communications Team
